Hello

Md. Abu Ahsan Arif

WEB MASTER

Hi! I'm Abu Ahsan Arif, and I have a strong foundation in full stack web development, a tonne of experience, and a dedication to creativity that I bring to every project. Because of my insatiable curiosity, I've spent the majority of my time in the field of online design and development learning a wide variety of programming languages, frameworks, and content management systems.

EXPERIENCE

2023 to Cont.

SENIOR WEB DEVELOPER
Your Tech Club - Netherlands

I'm currently working remotely full time as the Mid Level Developer in Your Tech Club located in Amsterdam, Netherlands. Leading the WP creative team is definitely enhancing my capabilities and executional processes.

2021 to 2023

MANAGER, IT DEPARTMENT
Grow Biz Industries LTD - Dhaka

Being a professional IT Operations specilist, I've performed as the System Admistrator for the PrismERP in the company. I've impleted the ERP for the FMS, SCM, PPC, HCM, SDM and more.

2019 to 2020

PROJECT MANAGER
HyperTag Solutions - Dhaka

Dealing with multiple projects and working with the progress at the same time has been a challenge for me here but yes, having the patience and time management helped me out to go further.

2015 to 2018

FRONTEND WEB DEVELOPER
Consultica - Dhaka

Creating modern minimal websites has always been a passion for me. Dealing with international clients and working on the backend development for them definitely helped me to boost my skills here.
